

AEDES SOFTWARE ORDER FORM

Valid for orders outside Italy until 31.08.2026

Please sign both pages of this form and send it along with the bank transfer receipt at sales@aedes.it

Aedes customers wishing to renew or upgrade their license may request a quotation at sales@aedes.it

Prices are in Euro. The license purchase includes Updates and Technical Support via support@aedes.it until 31.12.2026

	First license	Next licenses (specify number)
Aedes.PCM - Design of Masonry Buildings		
Base Modelling + Kinematic Analysis (Collapse Mechanisms)	☐ 690	___ x 345
Global Analysis (requires Base) Modal Analysis, Linear Static and Seismic Analyses, Pushover	☐ 1200	___ x 600
Extensions for Aedes.PCM:		
ECS - Historical and Monumental Structural Elements Base: arches and arch collapse mechanism. Global Analysis: block-joint modelling for arches, masonry columns and towers, nonlinear analysis of collapse mechanisms, generic sections	☐ 790	___ x 395
ACM - Frame-Reinforced Openings in Masonry Walls Stand-alone program and extension of PCM Global Analysis. As PCM extension it allows to analyse building featuring frame-reinforced openings. (At the moment, the stand-alone program is available only in Italian)	☐ 790	___ x 395
Other stand-alone programs available only in Italian:		
SLC - Mixed Wood-Concrete Slabs Analysis of mixed wood-concrete slabs	☐ 590	___ x 295
SAV - Stability of Masonry Arches and Vaults Static and seismic analysis of arches and vaults	☐ 1200	___ x 600
Aedes programs may be purchased individually or all together at a better price:		
AEDES 2000 Full - PCM (Base + Global Analysis) + ECS + ACM + SLC + SAV	☐ 4609 5260	___ x 2630
One License Key is required for each license purchased:		
Aedes License Key including shipping fees	☒ 100	___ x 100
Total	€	
VAT is charged for sales within the European Union unless Licensee provides copy of VAT registration and number. VAT is not charged for sales outside the European Union.	VAT (22% of Total)	€
	Total + VAT	€
Aedes License Key will be shipped once Aedes receives the bank transfer receipt. The purchase price includes (unless previously purchased) a single USB key for all PCM, ECS, ACM, SLC, and SAV programs. For each software program and license, the renewal fee for the current year is 15%, plus an additional 7% for each non-renewed interim year (percentages calculated on the list price of the primary license in effect at the time of renewal, excluding promotions and offers). A minimum of €150 applies to the renewal fee for each software program (PCM, ECS, ACM, SLC, or SAV) and each license. Updating subsequent licenses requires the primary license updated to the latest current version and for the same license holder. After 10 years from the last previously purchased version, the software must be repurchased using the USB key already provided to the User. For renewals, please request a personalized quote at sales@aedes.it.

TERMS OF USE FOR AEDES SOFTWARE

These terms are included in the end-user license agreement shipped with the purchased software. PLEASE READ CAREFULLY THIS DOCUMENT AND SIGN IT TO COMPLETE YOUR ORDER. PURCHASING THE SOFTWARE IMPLIES COMPLETE ACCEPTANCE OF THESE TERMS.

GRANT OF LICENSE. AEDES grants to Licensee the right to use on a single computer one (1) copy of the software product for each one license purchased (hereinafter referred to as the "Software"). The user license is associated to the Aedes Hardware License Key enabled through passwords.

COPYRIGHT. The Software is owned by AEDES and is protected by copyright laws and international treaty provisions. Therefore, Licensee must treat the Software like any other copyrighted material except that Licensee may either make one (1) copy of the Software solely for backup or archival purposes, or transfer the Software to a single hard disk, provided Licensee keeps the original solely for backup or archival purposes. Licensee may not in any case copy the written materials accompanying the Software, nor transfer to third party any material covered by copyright (e.g. the hardware license key).

UPDATE, SUPPORT AND CONSULTING SERVICES. "Update" refers to the purchase of a subsequent version of the software. "Support" refers to the service of answering technical questions related to the use of the software. "Consulting" refers to the provision of specific consultations regarding the applications of AEDES software to professional cases. Update, Support, and Consulting services, including any type of technical support for the use of the software, are not included in this agreement in any way. AEDES provides the software along with instructions for installation and startup, which are clearly indicated on www.aedes.it and/or in the accompanying written material and/or within the software itself. In any case, it is assumed that the Licensee possesses basic knowledge of both the professional field addressed by the software and the fundamental techniques for using the operating system for which this version of the software has been prepared. AEDES has the right to provide update and support services, for which an additional fee must be paid according to the procedures outlined in the software documentation and/or through direct contact. These services are optional and independent, although subordinate, to the acceptance of this license agreement. Consulting services are provided by AEDES consulting professionals through prior agreements with AEDES and require possession of the license for the current version of the software used in the consultation.

PROVISION OF ADDITIONAL LICENSES. Further licenses of the Software, in addition to the one object of this agreement, may be provided by AEDES based on the commercial conditions given elsewhere. In any case the Licensee must own a number of licenses equal to the number of copies of the Software installed on his hardware. As stated before, this license agreement refers exclusively to one (1) copy of the Software. If the Licensee owns more than one License the yearly renewal of Updates and Technical Support for each software follows the priority given by the License number.

FURTHER RESTRICTIONS. AEDES grants to Licensee a nonexclusive and nontransferable License to use this Software. The License may be transferred only in case of change in the company name of the Licensee and after communication to AEDES and authorization by AEDES. Licensee shall not sell, rent or lend the Software to others. Licensee shall not convert, decode, decompile or disassemble the Software. The License does not include the possibility to obtain the source code of the Software nor its design documentation.

USE OF LATER VERSION OF THE SAME SOFTWARE. Later version of the Software obtained through progressive upgrades may be all installed and operative but shall not be used simultaneously. In fact, the user license allows the use only of one version at a time.

LIMITED WARRANTY. Limited Software Warranty: The Software is provided "as is" with no warranties of any kind. AEDES does not warrant the Software nor the accompanying written material as regard their correctness and reliability. Verification of the Software suitability to achieve certain results, its installation, use and management are exclusive burden and responsibility of the Licensee. AEDES does not warrant that the Software functions meet the needs of the Licensee nor the Software will work in all the hardware and software combinations and, in particular, for all the operating system the Licensee may use. AEDES does not warrant the Software performances when used in a network, since the typology and configuration of the network may affect its performances. Limited Support Warranty: AEDES warrants that the CD and eventual hardware keys provided with the Software are free from defects in material and workmanship under normal use for a period of thirty (30) days from date of shipment. AEDES, of his own will, may replace the supports which are not covered by the warranty aforementioned, provided that they were regularly purchased and returned to AEDES. Limited Warranty is void if failure of the Software has resulted from accident, abuse or misapplication.

THEFT OR LOSS OF HARDWARE LICENSE KEY. AEDES assumes no responsibility for the management of the IT devices it provides (such as the hardware key), which remains entirely the responsibility of the User. In the event of loss or theft of devices directly connected to the software license (such as the hardware key), a report must be filed with the competent Authorities, wherein the value of the software enabled on the reported device must be declared (based on the purchase invoice). This report must also be submitted to AEDES, after which AEDES will, at its discretion, evaluate the provision of a replacement device at a cost to be communicated by AEDES through a formal quotation.

NO LIABILITY FOR CONSEQUENTIAL DAMAGES. In no event shall AEDES be liable for any damages whatsoever (including, without limitation, damages for loss of business profits, business interruption, loss of business information, or other pecuniary loss) arising out of the use of or inability to use this AEDES product, even if AEDES has been advised of the possibility of such damages. In any case AEDES liability under this agreement is limited to an amount equal to the one paid for the purchase of the Software. All the expenses sustained by AEDES will be accounted in the application of the aforementioned liability limit.

THIS AGREEMENT SHALL BE GOVERNED BY THE ITALIAN LAW. In particular by Legge 22 Aprile 1941, n.633 modified by Decreto Legislativo 29 dicembre 1992 n.518 ("Attuazione della direttiva 91/250/CEE relativa alla tutela giuridica dei programmi per elaboratore") and by Berne Convention for the protection of literary and artistic works accepted by Legge 20 giugno 1978, n.399. Anyone who has questions about this Agreement shall write to: AEDES Software per Ingegneria Civile s.n.c., Via Aporti, 32, 56028 San Miniato Basso, Pisa, Italy. In case of dispute about the interpretation and execution of this contract, exclusive jurisdiction shall have the court of Pisa (Italy).

FREWARE VERSION (where available). The conditions above related to the licensed version of the software apply also for the freeware version, within its limits. Using the freeware version, the user accepts the relevant limitations described in detail in the contents of www.aedes.it. The freeware version does not allow the professional use and does not benefit of the technical support.

PRIVACY. I hereby authorize the treatment of my personal data in conformity with the Italian law and the international regulation currently in force, declaring to be aware of my legal rights.
